

Uppsala, Sweden 19/12/2007

Dear Sirs,

With the Christmas holiday around the corner, we would like to thank you for this past year and hope that the New Year will be as successful for you as 2007 has been for us! We would like to take this opportunity to also high-light the developments that have marked our growth in the past year:

As most of you already know, PiezoMotor grown out of its old "habitat" and has **moved to new premises**. Please take note of the details at the end of this page.

This year we received the prestigious "**Global Electric Motor Technology Innovation of the Year**" award from Frost & Sullivan. The motivation for presenting us with the award was that "PiezoMotor has been able to identify customers' challenges in the micro-motor market and has taken initiative to improve the existing piezo motor".

Earlier this year PiezoMotor started to collaborate with the German company **PMDM** (part of the Japanese Minebea group) and soon after also with the **FAULHABER Group** (known as MicroMo in the U.S.). These two co-operations give PiezoMotor additional capabilities in production, system design and support. PiezoMotor is now able to offer its technology to an even larger number of applications!

Merry Christmas and Happy New Year!

Best regards,
The Marketing Team

Peo Sollerud, Marketing Manager: peo.sollerud@piezomotor.se
Olle Lindkvist, Global Sales Manager: olle.lindkvist@piezomotor.se
Mikaela Ariel Rydberg, Marketing Co-ordinator: mikaela.ariel@piezomotor.se
