

PiezoMotor AB receives strategic purchase order for Piezo LEGS[®] motors

UPPSALA, SWEDEN, April 28, 2006

PiezoMotor AB, a world leading, game-changing provider of new micro motor technologies, today announced that it has received a strategically important purchase order for Piezo LEGS[®] motors from a European company supplying many different high technology industries.

"Due to confidentiality reasons we cannot reveal the name of our customer", says Per Oskar Lithell, CEO of PiezoMotor AB. "However, we can confirm that our Piezo LEGS[®] motors will be integrated in a vital positioning system used within a high-tech industry and the first shipment of the Piezo LEGS[®] motors for this customer is planned for June 2006", Mr. Lithell continues.

The purchase order is the first for PiezoMotor AB within this specific application area and is regarded as the first step towards higher volumes within this market segment. All motors will be produced inhouse at PiezoMotor AB in Uppsala, Sweden.

"We expect to heavily increase our sales within this specific application area over time. The unique combination of extreme motion performance, small size and competitive pricing of Piezo LEGS[®] will be very appreciated by end customers", Mr. Lithell explains.

About PiezoMotor AB

PiezoMotor AB is dedicated to delivering the best and most cost competitive micro motors for volume applications on the market. Founded in 1997, PiezoMotor AB is developing, manufacturing and marketing several types of micro motors based on piezo technology. A number of technological platforms have been developed and successfully patented.

PiezoMotor AB markets the nano-precision Piezo LEGS[®] motors and the extremely small PiezoWave[™] motors designed for massvolume applications such as handheld devices, digital household electrical appliances, medical technology devices and the automotive industry, just to mention a few.

The company has its own in-house manufacturing facility and is currently a supplier of motion solutions and partner to many leading multinational companies. Our customers are key players within consumer electronics, medical technology, factory automation, positioning equipment etc. The customer base is growing quickly.

The last few years PiezoMotor AB has successfully closed several financing rounds, strengthening the owner base with leading private equity investors and securing funding for capitalizing on the enormous market potential for small and smart micro motors.
